APPLICATION REQUIREMENTS

Please read the applicable sections of the Lehi City Development Code and Lehi City Design Standards and Public Improvements Specifications Manual in detail before submitting an application. **The Condominium Plat shall be prepared by a land surveyor** licensed to practice in the State of Utah. All engineering and/or surveying documents submitted for City review shall be stamped by said engineer or land surveyor in accordance with the procedures of the Utah State Board for Professional Registration. If the plat contains more than one sheet, the sheets shall be numbered in sequence and clearly indicated on each sheet. The following information, at a minimum, shall be included with the application for Plat Approval (*additional information may be required by the Staff, Planning Commission or City Council*).

Please **initial each item** as being completed, or put N/A if waived by staff or not applicable to approval process:

Items to be shown on the Condominium Plat

- (1) _____ A title block which contains the following:
 - (a) _____ Name of the development.
 - (b) _____ Type of development (residential, commercial etc.).
 - (c) _____ Surveyors certificate that has been signed and dated, showing the name and registration number of the surveyor responsible for making the survey.
 - (d) _____ A legal description of the subdivision boundaries that includes the quarter-quarter section, section, township, range, principal median and the County of its location.
 - (e) _____ The owner's dedication that includes the dedication of all public ways or spaces. The owners dedication shall be signed by every person having a security interest in the subdivision property, dated, and notarized and should include a reference to any covenants that may be declared and blanks where the County Recorder may enter the book and page number of their recording.
 - (f) _____ Signature blocks prepared for the dated signatures of the City Council, City Recorder, City Engineer, and Notary Public's acknowledgment.
- (2) _____ Written and graphic scale, not smaller than 1" to 100' or as recommended by the City Engineer.
- (3) _____ The basis of bearings used and a north point.
- (4) _____ A vicinity map locating the subdivision within the section identifying adjoining or nearby plats or certificates of survey and showing prominent landmarks.
- (5) _____ The exterior boundaries of the platted areas giving lengths and bearings of the boundary lines. If bounded by a water body or a curving boundary, please refer to Section 11-100B(2) of the Development Code. All subdivisions must have proper closure.
